\$21,395 | 2.3%

OUR VALUES:

- Support Vermont's local economy through the creation of inclusive market opportunities accessible for local producers, including diverse-owned and small-medium scale farm and food businesses.
- Create opportunities for employees to engage with Vermont First and contribute to our local communities.
- Contribute to an environmentally sustainable food system through food purchasing and reducing food waste.
- Cultivate intentional collaboration and transparency to build a diverse, equitable, and inclusive food system and work to remove structural barriers in participation and decision-making.
