FAQ Reusable To-go Program

1. What is the Reusable To-Go Program?

The Reusable To-Go Program allows you to enjoy your meals on the go while helping reduce single-use packaging waste.

2. How do I participate?

Simply purchase a reusable to-go container, enjoy your meal outside of the dining hall, and exchange your used container for a clean one during your next visit.

3. Is there a fee to participate?

Yes. There is a one-time fee of \$6.25 to purchase a reusable container. Once purchased, the container is yours to keep and exchange for a clean one each time you would like to take a to-go meal.

4. How do I return my container?

Bring your used container to the cashier at the Atrium Dining Hall and exchange it for a clean container.

5. What happens after I return my container?

Returned containers are professionally cleaned, sanitized, and recirculated for future use. During your visit, you will receive a clean container in exchange for your used one.

6. How much food can I fit in my container?

The standard reusable to-go container is designed to hold one meal portion, including three sides and one protein. However, guests may fill their container with any food available in the dining hall, provided it fits within the container. Servers are trained to provide one serving of each menu item per plate. Each guest also receives a disposable cup to accompany their meal. While whole fruit may not fit inside the container, it may be taken separately as part of a to-go meal.

7. May I take a to-go meal and eat in the dining hall at the same time?

No. Guests may choose either a to-go meal or a dine-in meal with each meal swipe, but not both simultaneously.

8. Where can I use my reusable container?

Reusable containers may only be used at the Atrium Dining Hall.

9. Why should I participate?

By using reusable containers, you're helping reduce waste and support sustainability efforts on campus.

10. What should I do if my container is lost or damaged?

If your container is lost, stolen, or damaged beyond use, a replacement container may be purchased for \$6.25.

11. Do I need to wash my container before returning it?

No. Simply empty any remaining food and return your container. All returned containers are professionally cleaned and sanitized before being recirculated.
